

BA ACTING & CONTEMPORARY THEATRE

EAST 15
ACTING SCHOOL

THINGS TO PREPARE - 2021 ENTRY

The first term is about you, so you will need to bring things that help trigger your memory and bring your history to life!

It is a good idea to dig out any old photographs of your life, family, art work kept from your early years, school reports and so on. You should bring personal objects that are significant and precious to you.

Please bring these with you at the start of term, especially if you are coming from overseas. Think reality before theatricality!

Before the start of term, please prepare the following work:

- One head and shoulders portrait of yourself
- One top to toe self-portrait (this does not mean life size! No bigger than A3 please!)
- One head and shoulders cartoon of yourself
- One top to toe cartoon of yourself (again no bigger than A3)

Use any medium that is exciting and creative (pencil, pen, chalk, watercolours, oils, torn paper, beans, beads etc):

One poem should start objectively with “she/he is a...”

The second poem should start subjectively with “I am...”

Please compose two poems about yourself, we will look at this work in the first week of timetabled teaching.

Please do not panic about the academic reading list, you will get notice of what you need when you need it. However, please consult the Equipment List we have provided.
